

Gigi Hadid's Tribute To Taylor Swift At Victoria's Secret Fashion Show Wins Hearts

Victoria's Secret Fashion Show was back with a bang after a six-year hiatus on October 15. The prestigious fashion event saw some of the most popular celebrities hitting the ramp. Gigi Hadid opened the

fashion show in a stunning pink satin ensemble. Apart from her glamour and confidence, her walk became memorable as the model paid tribute to her friend Taylor Swift. Gigi emulated a technique learned from Taylor on the runway, which the artist often performs on stage during her Eras Tour.

Gigi arrived on stage and waved to the audience in the same way as Taylor Swift when she arrived on stage during her Eras Tour. Furthermore, the model also left the Victoria's Secret runway in the same way as Taylor Swift. Several videos sharing the delightful comparison have emerged on the internet.

Fans were thrilled to see the model's perfect Taylor Swift wave and showered love on the duo's friendship. A fan wrote, "Gigi and Taylor's vibe together is absolutely magical! Their energy lights up the room!" while another praised the performance and stated, "That was so cool! Gigi totally nailed the Taylor Swift entrance. I'm a huge fan of both her and Taylor, so this was awesome." A fan expressed, "Gigi channeling Taylor's iconic exit. Two best friends, both masters of leaving a lasting impression with style and grace."

Right before the grand fashion show, in conversation with Entertainment Tonight, Gigi revealed that she was taking inspiration from Taylor Swift for the walk. She noted, "There is something new on this runway tonight that is new to at least me. I can't remember if it's ever been done on the VS runway, but there's an aspect to it that I was trained to do by Taylor on her tour. At one of her rehearsals, she was like, 'I'm going to show you how we do this,' and now I'm using it tonight."

For the Victoria's Secret Fashion Show, Gigi wore a deep-cut pink silk lingerie with fluffy angel wings. The sleeveless one-piece featured a plunging neckline, crystal-embellished spaghetti straps and high-leg cutouts. She completed the look with a crystal-embellished bikini, studded shoes, large hoop earrings and glossy lips.

Bigg Boss 18: Vivian Dsená Hints At Reason Behind Divorce From Vahbiz Dorabjee

Vivian Dsená has become a hot topic outside and inside the *Bigg Boss 18* house, due to his bold and carefree attitude. While he usually keeps his personal and professional life separate, he has been sharing more about his past on *Salman Khan's* show. In a recent heart-to-heart conversation with *Shilpa Shirodkar*, the *Pyaar Kii Ye Ek Kahaani* star opened up about how he met his current wife, *Nouran Aly*.

However, the moment that really grabbed everyone's attention was when he discussed his divorce from *Vahbiz Dorabjee*. Speaking with *Shilpa Shirodkar*, Vivian mentioned his separation was finalised during the lockdown. Although the actor didn't get into the details, he hinted at the possible reason behind their divorce.

Shilpa asked Vivian if he was already divorced from his ex-wife when he met *Nouran Aly*. He explained that all the paperwork was completed during the first lockdown.

She later asked how long they were married. Vivian said that he didn't keep track of the years. He added, "Decent enough years for her to understand, tolerate and get to know who I am. Tolerance is important, it teaches you about life. A man is wrong until he's not right. Slowly, I started realising things in life. The change in my behaviour and attitude was a long transition. It's not like I went to sleep one night and woke up a different person the next day. There's a story behind it."

Their conversation initially began when *Shilpa* expressed interest in Vivian Dsená's love story with *Nouran Aly*. The actor explained, "We first started professionally, she needed an interview with me and I made her wait for four months. She's still taking revenge. She contacted my team and I didn't even realise that four months had passed. I received a message saying, 'This is really unprofessional,' and I think she wrote more too. So, I replied, 'Dear Miss Nouran, I don't know who this person you're talking about, but the person you described is certainly not me.'"
